**REQUEST FOR REFUND**

Dear Sir:

This is a second submission of a request for refund in connection with the above-identified patent application. In a telephone conference with Mr. Jim Engle of the U.S. Patent and Trademark Office refund department on June 6, 2005, it was determined that the PTO is not in possession of the Request for Refund filed by Applicants on September 1, 2004. Accordingly, submitted herewith are the following documents:

- 1) Copy of the original Request for Refund with a Certificate of Mailing dated September 1, 2004; and
- 2) Copy of the return receipt postcard date stamped received from the U.S. Patent and Trademark Office on September 3, 2004.

**REQUEST FOR REFUND**

Sir:

This request for refund is being filed in connection with the above-identified patent application.

Within two months of the final Office Action of August 27, 2003, Applicants filed a reply on October 27, 2003. As set forth in the final rejection:

In the event a first reply is filed within two months of the mailing date of this final action and the advisory action is not mailed until after the end of the third-month shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee

Application No. 09/966,222

Attorney Docket No. 17658

Page 2

pursuant to 37 C.F.R. §1.136(a) will be calculated from the mailing date of the advisory action.

Here, no advisory action for this reply was ever issued. On February 27, 2004, six months after the final office action, Applicants filed a Notice of Appeal with a one-month extension of time. Applicants were unclear at the time whether this extension of time was necessary since an advisory action to our reply (filed within two months of the final office action) was not received. We should have received an advisory action upon which any additional extension fees would have been based. Therefore, arguably, no extension should be required. In no event, however, should a fee greater than a one-month extension be required to file the notice of appeal if no advisory action was received.

Applicants filed a request for continued examination on May 27, 2004. This was three months to the day after the notice of appeal was filed. Therefore, no more than a one-month extension of time was required for this.

Remarkably, \$1,470.00 in fees were charged against our deposit account for the aforementioned replies. Specifically, we were assessed the following charges:

04/07/2004	PTO Extension Fee	\$110.00
04/07/2004	PTO Extension Fee	\$840.00
05/24/2004	PTO Extension Fee	\$410.00
05/26/2004	PTO Petition/Extension	\$110.00

This is clearly a mistake and we hereby request a refund of \$1,360.00 which is a full refund except for the \$110.00 one-month extension fee for filing the RCE.
